

## BOSNIA

“A roof of their own”

*Your gifts to the ELCA World Hunger Appeal, through the Lutheran World Federation, helped fund this refugee relief and resettlement effort.*

In 1993, when the Bosnian war reached his home village, 36-year-old Mujo Mustafic fled for safety with his wife and their two small daughters, Azra and Azmira. They found safety in a United Nations protected area. In 1995, that area also fell, and for the next eight years the family moved several times into temporary lodgings. During those years Mujo and his wife were blessed with two sons. In 2002, the family of six eagerly returned to their home village.

When they arrived, they learned that their home had been destroyed in the war, so once again they had temporary lodging.

In 2004, the LWF began distributing construction materials. With great celebration and the assistance of family and friends, Mujo was able to build a home for his family. After 11 years as a refugee, Mujo and his family are grateful to have a roof of their own.
