

ELCA DISASTER RESPONSE
HORN OF AFRICA DROUGHT RELIEF

JULY 2011

www.elca.org/disaster

The worst drought in 60 years has reached crisis level in East Africa. Ten million people in Somalia, Kenya, Djibouti and Ethiopia are at risk. Many are leaving their homes in search of food, water and shelter.

Through Lutheran World Federation, ELCA Disaster Response is providing water and enriched porridge to children, older adults and others who are especially weak. Your generous gifts will make it possible for this church's response to continue as long as the drought does, and even afterward as people seek to restart their lives.

"This is the last of my food," says Lucia Muvili Ngotho from

the Kalimbei village in Mwingi, Kenya, as she holds only a few beans in her hand.

Your help is needed now to bring immediate relief and ongoing support to communities affected.

Gifts designated to "Horn of Africa Drought" will be used in full—100 percent—to help disaster survivors with immediate and long-term needs. Donations to the undesignated fund help us respond immediately and effectively where it is needed most. Because of your generous offerings of prayer and financial support, the ELCA walks alongside disaster survivors as they journey to recovery. Thank you!
