Prayer Concerns from India
Richard Sarker, India

Please pray:

- for the people of India, Indonesia and the Philippines who are suffering from recent natural disasters and for those who are trying to bring comfort to the suffering people.
- for peace in the world, especially in the Middle East, Afghanistan, Iraq, Iran, India, China, North Korea and other places of conflict.
- for my work in the region, that I may continue to travel safely and be in good health so that I can serve the people here faithfully.
- for peace and reconciliation within different churches in India so that the leaders may work for God's glory for which they are called.
- for my family and friends who are far away from me.
